FLY 520

Leveraging the power of light through design choices that maximize views and minimize obstructions, the Fly 520 delivers a seamless and deeply enjoyable yachting experience. Sophisticated new styling and contemporary materials contribute to the Fly 520's bright and airy feel, while wide-open, blended-purpose spaces with ample windows invite the outside in. The yacht's overall effect is more than just bright – it's brilliant.

GALLEY

The yacht's beautiful galley-aft layout provides a hub for both inside and outside entertaining. The galley features premium stainless-steel drawer-style refrigerator/freezers, a Keurig® coffeemaker, solid-surface countertops with sink, faucet and cover, and abundant storage.

SALON

Accessible through a standard stainless opacmare® steel-framed door, the salon offers seamless connection with the cockpit. A glass-enclosed bridge staircase and open risers allow light to flow through the steps, even as this staircase ties the bridge cohesively into the rest of the yacht.

MASTER STATEROOM

The Fly 520's full-beam master stateroom is the most spacious Sea Ray has ever provided on a boat in this size range. It creates an oasis for the owner, with a plush queen-sized Innerspring mattress and state-of-the-art entertainment features.

MASTER HEAD/SHOWER

Owners will appreciate the comfort and privacy afforded by the master head, where a shower features an acrylic door, teak flooring and an adjustable shower wand, and the vanity includes attractive solid-surface countertops.

FLYBRIDGE

The spacious flybridge features three-across forward seating and a generous aft seating area. A large hinged table provides ample room to gather and enjoy a meal with spectacular views. An open-air hardtop is standard; an extended hardtop with full enclosure is also available.

COCKPIT

Sea Ray's ingenious cockpit seating solution allows for maximum versatility: The aft lounge seat with convertible backrest travels forward and aft to create multiple seating configurations, facing into the cockpit from the aft position or brought forward to overlook the swim platform.
